# Absorbent pants for urine leakage. Forget about throw-away Pantyliners!

## COCORO® IS YOUR NEW UNDERWEAR

For those occasional losses that you and many women, that sometimes we encounter, when laughing out loud, jumping, bending down, coughing, when picking up a heavy object... When we are many hours away from home (for work, traveling...). Or running after the bus! Or that droplet that

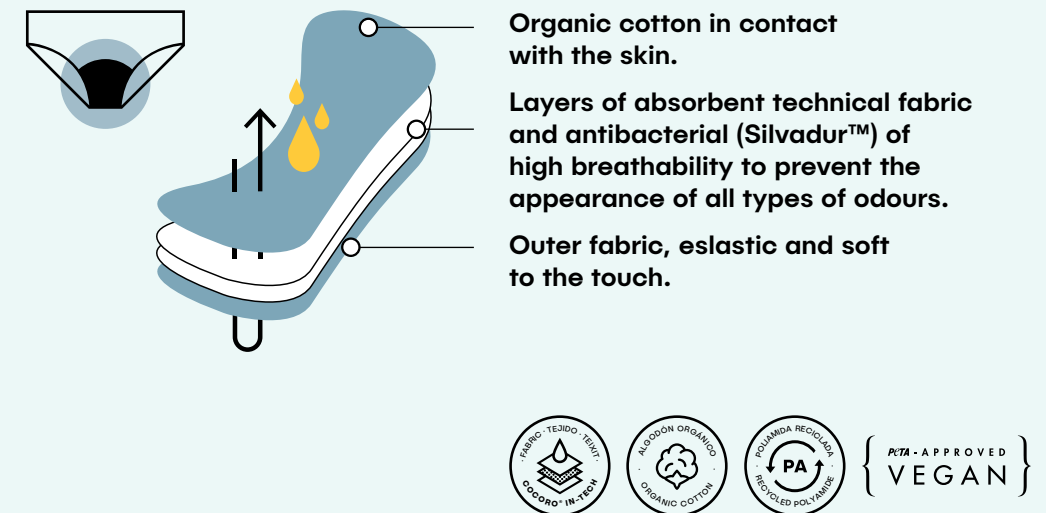

escapes in the last moment when arriving home, going to the bathroom. With Cocoro panties you can be calm, stress-free and odorless, because the technical fabric has an antibacterial treatment.

Cocoro absorbent knickers are easy to use, with breathable fabrics, they are elastic and soft to the touch, they adapt to your body.

#CocoroForLifeCycles

## Here's how work:

The innovation lies in the area of the gusset of the panty. We have integrated a combination of organic cotton fabrics with layers of absorbent technical fabric, that are antibacterial and breathable. This combination allows the absorption and retention of fluid and the antibacterial treatment prevents the occurrence of odors.
